

# R.O.M. INNOVATION

ROLL-UP DOORS, CARGO COVERS,  
LED LIGHTING, CARGO TRAYS & SLIDES

# R•O•M Innovation

## Over 70 Years of Excellence

Rooted with Experience, driven by progress with continued innovation on our Roll-up Compartment Doors, new innovative DuroStrip V5 compartment lighting, automatic Cargo Covers plus Cargo Trays and Slides. R•O•M specializes in products engineered to support 1st responders, military applications and commercial truck body builders.

R•O•M's innovative door technology is manufactured tough. R•O•M roll-up doors, cargo covers, lighting, cargo trays & slides are used worldwide. Simple to operate R•O•M doors provide quick, efficient access and include options specifically tailored for your various applications or requirements. Plus, attractive finishes and colors are available including satin or matching high-gloss paint.

# Series IV Roll-Up Door

## The toughest roll-up door in the business

The Series IV Roll-Up Doors provide rugged wear, reliability and security on any apparatus.

R•O•M Roll-up Doors are strategically designed to be stronger, smoother and constructed with longevity in mind. Doors are available painted to match existing color or unpainted in a satin or brush finish.

**Optional Large Profile Drip Rail**

**Low Profile Seal**  
Provides a superior seal against water & dirt infiltration.

**5 Track Styles**  
With and without a finishing flange, offering the most mounting options in the industry.

**Curved Finger Pull**  
Allows for better feel when closing shutter door. Features a grooved surface for improved grip and unique design increases usable opening height over other comparable shutter doors.

**Over-Molded Idler Wheels**  
For smooth & quiet operation.

**Extruded Inner Seal**  
One piece extrusion providing superior strength & increased structural rigidity.

**Magnetic Door Ajar Switch**  
With improved reed switch for reliability.

**Stronger Lift Bar**  
Lift bar is 2x stronger. Features improved grip and unique D shape - will not bow or bend.

# Cargo Cover

Power and manual options available

Custom radius door configuration. Inquire about minimum and maximum widths.

## Protect equipment and deter theft.

- Cargo Cover protects equipment from being lost, damaged or becoming a projectile for other drivers
- Minimize dirt, dust, water and other elements from entering the bed
- Discourages theft and conceals contents with optional lock
- Custom built to fit your application
  - Sizes from 28" (711 mm) to 76" (1930 mm) wide and 30" (762 mm) to 226" (5740 mm) long
  - Vertical heights from 19" (482 mm) to 96" (2438 mm)
- Provides an 800 lb. (362.9 kg) load rating, eliminating weak canvas tarps that rip and tear

Cover stores neatly inside the bed using this simple coil system

Pull strap assists in closing cover (manual cover shown with optional key lock)

Sealed nylon ball bearing wheels mounted on each slat provide low rolling resistance

# DuroStrip V5™ LED Strip Lights

White or Red-White LED options available

## Features:

- WHITE LED: 367 Lumens per 12" & draws 0.35 amps; @ 12.8 VDC approx. per 12" (304 mm)
- RED -WHITE LED: White 250 Lumens / Red 60 Lumens per 12" & draws 0.22 amps; @ 12.8 VDC approx. per 12" (304 mm)
- Extreme Temp Certified operation between -40° F to 185° F (-40° C to 85° C)
- Waterproof design - IP67 rating
- Exceeds NFPA 1900 standard
- Streamline optic lens and fixed lumen output across 9VDC-16DVC
- May be "switched to positive" or "switched to negative"
- Vibration tested to MIL 810 rev A
- Salt Spray - 1,000 hour testing, no corrosion
- Integrated lower profile system is less intrusive and more out of harms way
- Integrates with R•O•M Door Ajar Switch
- Stand-alone light is available for interior or exterior
- 7-year warranty

## Available Lengths:

- 6" (152 mm)
- 12" (304 mm)
- 18" (457 mm)
- 24" (609 mm)
- 30" (762 mm)
- 42" (1067 mm)
- 60" (1524 mm)

## Available Options:

- White LED
- Red LED

# DuroLumen™ LED

## A brilliant approach to utility and emergency lighting

- IPX7 Water resistance rating and vibration tested to MIL 810 rev A
- Reverse polarity and over/under voltage protected
- Easy retrofit - fits industry accepted hole patterns: 3.5" x 16" x 1" (88.9 mm x 406.4 mm x 25.4 mm)
- Up to 2800 lumens of diffused lighting
- Surface or recessed mounting options
- Simple installation and long lasting

Surface mount, part #R03696 White/White shown

Recessed mount, part #R03853 White/White shown

PART NUMBER	DESCRIPTION	LUMEN	AMP	VOLTAGE RANGE
<b>R03696</b>	Surface mount. White/White offers high or low beam intensity switching (user supplied switch)	2,800 high	2.5 high	9-16VDC
		1,400 low	1.25 low	
<b>R03694</b>	Surface mount. White only.	1,400	1.25 low	9-16VDC
<b>R03695</b>	Surface mount. Red/White offers high or low beam intensity switching (user supplied switch)	1,400 white	1.25 low	9-16VDC
		500 red		
<b>R03853</b>	Recessed mount. White/White offers high or low beam intensity switching (user supplied switch)	2,800 high	2.5 high	9-16VDC
		1,400 low	1.25 low	
<b>R03851</b>	Recessed mount. White only.	1,400	1.25 low	9-16VDC
<b>R03852</b>	Recessed mount. Red/White offers high or low beam intensity switching (user supplied switch)	1,400 white	1.25 low	9-16VDC
		500 red		

# R•O•M Extreme Cargo Trays & Slides

The only no binding cargo slide

R•O•M's Extreme Cargo Tray & Slides meet the strict requirements of the fire and military service. Full width pull handles ensure rapid access to stored equipment. Built with tough 6061T6 aluminum and Stainless Steel hardware, R•O•M's Extreme cargo slides will handle your toughest jobs. The R•O•M Extreme Cargo Slide Series is lighter and stronger, allowing for more equipment storage and fuel savings.

R•O•M cargo slides reduce back strain by rolling heavy, bulky items outside the compartment where they can be reached without straining.

Easily carry up to 1,000 lbs. (453.6 kg), while extending the slide 70%, 100%, or 120% outside the compartment.

- Roll with ease with the industry's only "V" grooved system
- Every rail is inset with a high visibility red reflective tape
- Industry's only Low Profile slide with the highest load capacity, 1000 lbs (453.6 kg)
- Designed to reduce pinch points
- Available models, 70%, 100%, 120%, 90% Tilt, and 70% Dual Direction
